

# Solar Fencing System

## Shalom Fencing

Shalom Fencing works solely on solar power. Solar PV Module converts sun light into DC Solar Power and it into the Solar pack through a 12 V. DC backup battery where it gets energized to 8000 to 10000 V. travels in the fence in pulse rate of at 1-1.5 per sec. interval, which gives powerful, painful but safe shock to the intruder and repels him away.

## ULTIMATE SECURITY FOR PERIMETER PROTECTION

If privacy is not the concern and security is important, avoid compound wall or reduce the construction compound wall height and increase the Solar Fence height which gives effective security with low cost. statutory approvals are needed as they fall under non-conventional energy systems.

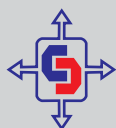

## REVOLUTION IN SECURITY SERVICES
